AMENDMENT IN RESPONSE TO NEW GROUNDS OF REJECTION BY BOARD
(37 CFR § 41.50(b)(1))

Sir:

This paper follows the decision of the Board of Patent Appeals and Interferences (BPAI) to reverse the grounds of rejection that were argued on appeal and to enter new grounds of rejection. The procedure for responding is described in MPEP § 1214.01 at 1200-55 to -56 (Rev. 3, Aug. 2005).

The new grounds of rejection in the decision were based on § 112 and the breadth of the term "window." The attached amendment substitutes "display window" for "window", which overcomes the Board's concern that all means for presenting information would be within the scope of the claim.

The Claims and their current status are reflected beginning on page 2.

Remarks begin on page 4.
